Photography & Recording Privacy Requests

Simple instructions and optional request form for event attendees

What Is a Privacy Concern?

A privacy concern is simply a reason someone does not want their image, voice, child, personal story, or sensitive moment shared. For example, someone may not want to appear in social media photographs, may need to keep their location private, or may notice an image of their child posted without permission.

Before or During an Event

Tell an Empower Her event volunteer or coordinator that you prefer not to be intentionally photographed or recorded. Staff can discuss reasonable options, such as avoiding posed photos or helping you find a place away from camera coverage. We cannot guarantee exclusion from every wide-angle audience recording.

After a Photo or Video Is Posted

Email info@empower-herministry.org. Include a link or screenshot description, the event and approximate date, and what you would like us to review. Please do not send sensitive personal details unless necessary. We will review and respond as reasonably practical.

Optional Request Form

Name: _____

Preferred contact email: _____

Event and date: _____

☐ Please avoid intentionally featuring me

☐ Please review an already-published image or recording

☐ I am a parent / guardian concerned about a minor

Link or description: _____

_____

What Empower Her Can Do

We may avoid future close-up recordings, edit or remove material under our control where appropriate, or discuss other reasonable solutions. We cannot guarantee removal of content independently shared or saved by others.
